35 <h2>About Charnell</h2>
36 <p>I first gained interest in high school in an optimal coding
class. Like anything else, I was confused at the beginning, but
caught on eventually which made the class all the more fun. I
wasn't sure if I would be able to school for this, but as time
passed, it became my ideal goal thanks to a few ideas of mine.
Now I have mind set on becoming a developer and that is what I
intend to do.</p>
37 <p>Outside of coding, I enjoy music. I play the piano in my
free time and it is a great way for me to relax.</p>
